

WOODMASTER ACCESSORIES

NEW! "QUICK-CHANGE" Power-Feed DRUM SANDING ATTACHMENT!

Now you can quickly convert your Woodmaster to one of the finest drum sanders available! Because stock is power-fed at a uniform rate, you'll achieve results impossible to duplicate with hand sanding or hand-held power sanders.

Dimensions remain exact ... eliminates low spots, waves and cross grain marks that often show up only after wood is stained, oiled or varnished.

Use heavier grit paper for light dimensioning, or finer grit paper for the most delicate finish work.

The Woodmaster Sanding Attachment is ideal for burls, crotches, knees ... and those "hard-to-work" woods like curly maple ... in fact, any stock that's heavily cross-grained or knotted can be sanded "smooth as a baby's bottom."

Sanding Kit Includes ...

A precision-machined head • larger size pulley to achieve correct speed for sanding • two 3" wide strips of 150 Grit, Felt Back, sanding paper • Full Instructions.

Note: Requires 712M or 718M Molding Shaft

712D	12" Sanding Attachment	\$119.00
718D	18" Sanding Attachment	\$199.95

REPLACEMENT SANDING PAPER

Woodmaster sanding paper is industrial-grade, resin-bond, felt back. The 12" head uses 55" x 3" lengths. The 18" head uses 77" x 3" lengths.

NEW! RIPSAW ATTACHMENT with Carbide-Tipped Blade

Now you can turn your Woodmaster Planer into a power-feed single-blade or gang-style rip saw! Perfect for sizing blank molding stock, facing frames, rail & stile work . . . much more.

Lets you rip with *power feed* in a fraction of the time it would take for multiple hand-fed passes on an ordinary table saw!

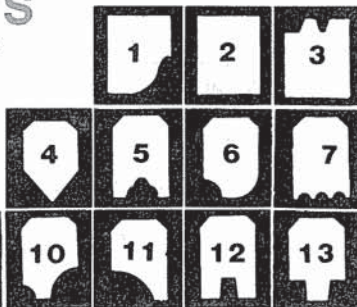

Kit includes two arbor collars, 5 1/2" carbide-tipped blade plus full instructions. Mounts on 712M or 718M Molding Shaft. Requires use of bedboard. 5 1/2" blades lets you rip stock up to 1 1/4" thick to produce dimensioned lumber from 1" to 11" or 17" wide depending on Planer model.

Optional 6 1/2" carbide-tipped blades let you rip stock up to 1 7/8" thick after removing chip deflector.

- 700SK Saw kit for Models 712 & 718 Planers includes set of two blade collars and one 5 1/2" carbide-tipped blade . . . \$90.00
- 700BC Extra set of blade collars . . . \$55.00
- 755B 5 1/2" Carbide-tipped Blade . . . \$35.00
- 765B 6 1/2" Carbide-tipped Blade . . . \$42.00

CUTTER BITS

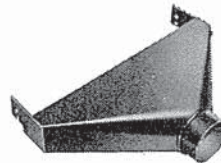

Use these low-cost cutterbits to make window trim, baseboards, picture frames, tongue & groove . . . all popular patterns. Each set consists of three bits.
